Call for Participation for the online workshop by RN11 & *Emotions and Society* journal

(14th & 15th of September 2023)

Instead of people presenting papers, this free online workshop is designed to facilitate discussion between sociology of emotions scholars. During the two days of workshop, there will be two parallel sessions with one topic each (see the list below). The workshop will take place on Zoom and the sessions might be recorded and made available online for viewing later.

How to register?

You register for the small group sessions below (only 12 people will be able to register for each session), each of which will discuss a question related to the sociology of emotions. Send us your affiliation, title of the session(s) you would like to join and a few lines with your motivating interest in the topic(s) to the following email address (the one from our 2022 Midterm Conference): rn11midterm2022@protonmail.com

Deadline: <u>02nd of July, 2023.</u>
